The current theme is "WHEN I GROW UP." In order to ignite the children's imaginations as well as make it a learning experience, we have incorporated props that coincide with such themes as Veterinarian, Dentist and Firefighter. In addition to our current theme, the students will enjoy lesson plans in celebration of Valentine's Day and St. Patrick's Day.

BENEFITS OF GYMNASTICS:

LEARNING TO PERFORM IN FRONT OF PEOPLE – What a terrific, sometimes overlooked, benefit of gymnastics. Gymnastic classes have the students perform their skills in front of other students which helps teach "performance" and makes performing in front of others easier. Gymnastic students tend to be the 1st ones at school to volunteer to do things in front of the class as they have learned to "perform" which is going to help them throughout their lives. To further enhance this benefit sign up for the School Age Arising Star Competition and the Junior Spring Fling Performance.

SCHOOL AGE ARISING STAR COMPETITION:

EXPERIENCE THE EXCITEMENT OF COMPETITION AND FUN OF AN AUTHENTIC GYMNASTIC MEET Saturday, April 17 & Sunday, April 18. School Age Students will have an opportunity to compete in the Arising Star Competition. All competitors will perform the routines learned in class and receive a Medal and Personal Certificate. *Everyone will be a Winner!*

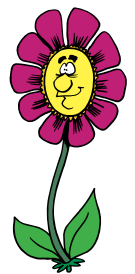

TESTIMONIAL – *What others say. . .* : I feel the Arising Star Competition is an awesome event. It gives all the children a chance to perform no matter what level they are at; and since they all receive the same medal, they can feel great about their performance. — *Robyn Christopher*
More information about the School Age Arising Star Competition will be distributed at classes.

JUNIOR SPRING FLING PERFORMANCE:

WHAT IS IT? Well, it's only the highlight of your gymnastics year! Every spring, JUNIOR Students get a chance to perform their extraordinary gymnastic and fitness accomplishments for parents, relatives and friends! **All performers receive their very own medal! Friday, April 16 & Saturday, April 17.**

TESTIMONIAL – *What others say. . .* : What a fun day! This was a great way for the kids to show off everything they learned over the past year! — *Angie Anderson*

More information about the Junior Spring Fling will be distributed at classes.
